

Emergency First Response

CREATING CONFIDENCE TO CARE

Accidents and illnesses happen every day. Some people need only a helping hand while others may suffer serious permanent injuries without help.

Emergency First Response is an Innovative CPR/first aid program. Primary Care (CPR) prepares you to render aid to those with life-threatening emergencies. Secondary Care (first aid) builds upon the lessons of Primary Care and helps you assist those in need when Emergency Medical Services are either delayed or unavailable. Together, these courses provide extensive instruction in CPR and First Aid, as well as providing optional (yet recommended) Automated External Defibrillator (AED) and Emergency Oxygen sections.

Academic Materials Required: Emergency First Response Manual (\$19.99) & Emergency First Response DVD (\$38.99)

Prerequisites: No certification required. No age limit imposed.

Course Fee: \$99.00

Minimum 2 students to run the class.

Upcoming Course:

Monday & Wednesday
5/14 & 5/16
From 6:30-10:00 pm

261 Highway 36
Middletown, NJ 07748
732-787-0508
