

Rescue Diver

We Taught You to

get wet in "Open Water"...

We Taught You to dive in

"Advanced Open Water"...

Now We are going to Teach You to be

a "Good Buddy"!

The PADI Rescue Diver will expand your knowledge and experience beyond purely recreational level because you'll learn to look beyond yourself and consider the safety and well being of other divers. In the Rescue Course, you will be trained in assistance and rescue procedures for tired and panicked divers, self-rescue techniques, how to prevent problems, and if necessary, manage dive emergencies.

The class consists of three evenings of academic and pool skills training and an exam. This is followed by two days of open water training.

PREREQUISITES: Must be a Certified PADI Advanced Open Water Diver or Junior Advanced Open Water Diver (Age 12) or the Equivalent. Participants must have successfully completed a sanctioned EFR or CPR/First Aid course within the past 2 years.
