

## The Padi Bubblemaker Program

\$129.00 for 2 hours of fun!!

Ages 8-10

### *Scheduled Upon Request*

Bubblemaker is as fun as it sounds - a chance for kids to blow bubbles by scuba diving. Children who are at least 8 years old can use scuba gear to breathe underwater and swim around in shallow water. Kids must be comfortable in the water, but no prior experience is necessary. Parental approval is required.

## What will your child learn?

Bubblemakers get a chance to:

- Experience scuba diving under the direct care and supervision of a PADI Pro.
- Take their first breaths underwater in water shallower than 6 feet.
- Learn about and use scuba diving equipment made for children - not adults.
- Have lots of fun.

*The Bubblemaker Crew-Pak contains mementos of the experience and is full of fun surprises, such as a kid-sized beach towel, logbook, certificate, temporary tattoo, decal and the adorable and popular Bubblemaker water toy. Adults love them, too.*

### What scuba gear will you use?

In the Bubblemaker program, participants get a basic introduction to how to use scuba gear, how to clear a regulator and mask, and an overview of breathing do's and don'ts

**Limited Space Available**
