

PADI ReActivate

Refresh Your Skills

Haven't been diving in a while?

It's now easier than ever to
refresh your skills!

Rediscover the underwater world
with PADI's ReActivate program!

PADI ReActivate™

ReActivate™ is a PADI™ program designed to help you refresh your skills and knowledge before you return to the water. It's quick and easy, and a good way to prepare for your next PADI course or get ready for a diving vacation. The best part is, divers who complete both the knowledge and in-water skill refresher receive an updated certification card with a ReActivated date on it.

One private session scheduled at your convenience is all it takes!

The ReActivate™ program is the perfect way to update your dive skills and knowledge before jumping back into the water. Whether you want a few reminders or need to go over the basics, ReActivate is personalized to you. You conveniently review scuba concepts on your tablet, mobile device or computer, then go diving with a PADI Professional. It's quick and easy, and a good way to prepare for your next PADI course or get ready for a diving vacation. The best part is, divers who complete both the knowledge and in-water skill refresher receive an updated certification card with a ReActivated date on it.
