PADI ReActivate™

Haven't dived for a while? It's now easier to refresh your skills!
Designed to ReActivate you with the underwater world.
Contact us today to find out more about PADI ReActivate™.

One private session scheduled at your convenience is all it takes!

The ReActivate™ program is the perfect way to update your dive skills and knowledge before jumping back into the water. Whether you want a few reminders or need to go over the basics, ReActivate is personalized to you. You conveniently review scuba concepts on your tablet, mobile device or computer, then go diving with a PADI Professional. It's quick and easy, and a good way to prepare for your next PADI course or get ready for a diving vacation. The best part is, divers who complete both the knowledge and in-water skill refresher receive an updated certification card with a ReActivated date on it.
